## THE V<sup>th</sup> MEDICAL GENETICS CONGRESS WITH INTERNATIONAL PARTICIPATION

26-28 SEPTEMBER 2018

### PRECONGRESS COURSE

### „CLINICAL GENETICS”

24-25 SEPTEMBER 2018

Dear Colleagues,

On behalf of the Organizing Committee, we have the great pleasure to invite you to the V<sup>th</sup> Medical Genetics Congress with international participation, which will take place at Hotel Toaca Bellevue, Gura Humorului in North-East part of Romania (Bucovina), in the beautiful mountain scenery of Carpathians, 26-28 September 2018. The course will be preceded by the course "Clinical Genetics" addressed to residents in Medical Genetics or other related specialities.

Similar to the previous editions, the participants will have the opportunity to debate on the new scientific developments in Human Genetics.

The Congress addresses to health care providers in the fields of Genetics, Pediatrics, Neonatology, Family Medicine, but also to other specialists that are interested in Genetics.

The presence of prestigious national and international lecturers honors and guarantees the success of our Congress.

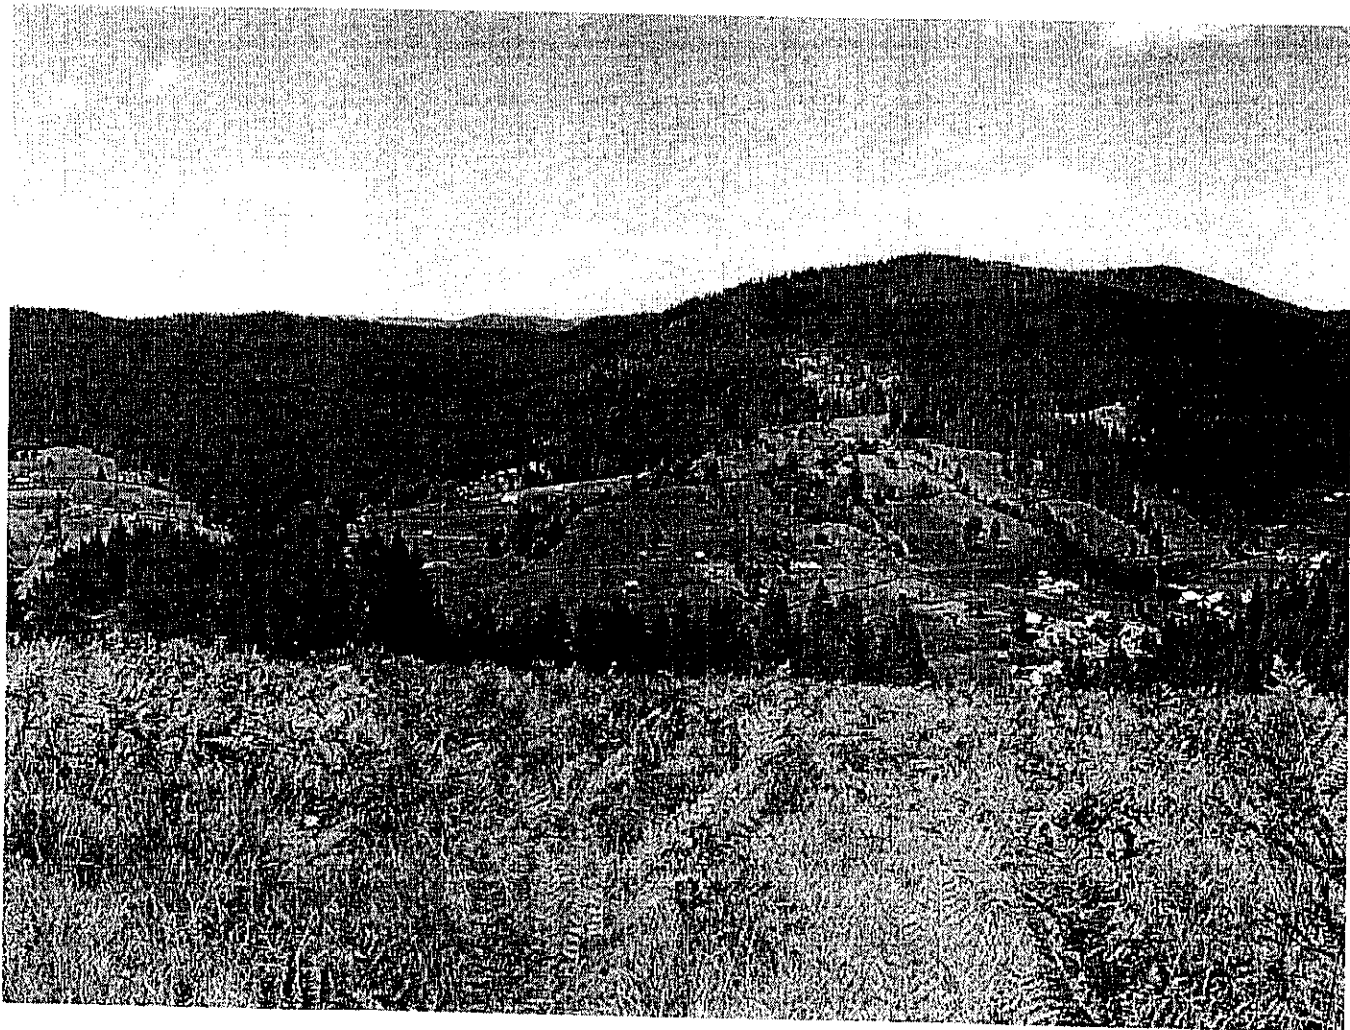

For new information on the Congress, please visit the Romanian Medical Genetics Society's page: [www.srgm.ro](http://www.srgm.ro)

We look forward to welcoming you,

Presidents of the Organizing Committee
