

**Romanian Pediatric Orthopedics and Traumatology Society**

## **The 7th National Congress of the Romanian Pediatric Orthopedics and Traumatology Society with International Participation**

*20-21 May 2010, RAMADA Hotel, Brasov, Romania*

### **Dear Colleagues**

It is my pleasure to invite you to the 7th National Congress of the Romanian Pediatric Orthopedics and Traumatology Society with International Participation.

This year congress will be held in Brasov, a historical and touristic center of Romania located on the base of the Carpathians Mountains. We hope that this year Congress will continue the success of the preceding congresses in Targu Mures. Because most of the pediatric surgeons in Romania are also pediatric orthopedist, this year's congress will be held in junction with the National Congress of Romanian Pediatric Surgeons' Association with International Participation. Both congresses will take place at the Conference Center of Hotel Ramada but in separate lecture with separate scientific and organization committee. A joined meeting of the two societies will be held to discuss common surgical and orthopedically problems.

The Congress will provide a good opportunity for you to refresh your knowledge base and explore the innovations in pediatric orthopedics and traumatology and to meet and interact with the leading scientists, physicians and surgeons in the field of pediatric orthopedics and traumatology.

I and my team look forward with interest to see you in Brasov and I hope for your active participation in the scientific program.

*Prof. Univ. Dr. Eugen S. Boia  
President of SOROP  
President of the Congress*

### **Scientific Committee:**

Eugen Boia  
Gabriel Aprodu  
Dan Gotia  
Mihai Jianu  
Calin Popoiu
