

ANEXA 2

**FIȘA DE VERIFICARE A ÎNDEPLINIRII STANDARDELOR MINIMALE ÎN VEDEREA  
OBTÎNERII ATESTATULUI DE ABILITARE ÎN CADRUL  
I.O.S.U.D. U.M.F. "GRIGORE T POPA" DIN IAȘI**

**1. STANDARD MINIMAL ARTICOLE ISI AUTOR PRINCIPAL\***

\*calitatea de autor principal este atribuită pentru primul autor, ultimul autor, autorul corespondent, sau alți autori a căror contribuție este indicată explicit în cadrul publicației a fi egală cu contribuție primului autor sau a autorului corespondent

**Domeniul Medicină, Farmacie: 10 articole**, publicate pe parcursul întregii activități

**Domeniul Medicină Dentară: 8 articole** în reviste cu factor de impact > 0.3, de la ultima promovare sau ultimii 5 ani (pentru candidații care provin din afara sistemului de învățământ)

**RAPORTARE ARTICOLE ISI AUTOR PRINCIPAL**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

15.04.2022

Conf.Univ.Dr. Alina-Costina Luca

Anexa 2 se completează, pentru fiecare item raportat, cu certificarea informației, astfel:

(1) pentru fiecare articol ISI raportat (autor principal, coautor):

- link către articolul raportat, în revistă
- link către articolul raportat în format electronic (pdf), **existent pe CD/USB**
- 

(2) pentru calculul factorului de impact cumulat, în calitate de autor principal

- link către printscreen (captură de ecran) din Journal Citation Reports / Thomson Reuters care atestă factorul de impact al revistei din anul în care a fost publicat articolul, **existent pe CD/USB**;

(3) pentru indicele Hirsch:

- link către Thomson Reuters (Core Collection) care atestă valoarea indicelui Hirsch
- link către printscreen (captură de ecran) din Thomson Reuters care atestă valoarea indicelui Hirsch, **existent pe CD/USB**;

(4) pentru fiecare articol BDI raportat (pentru domeniul Medicină Dentară)

- link către articolul raportat, în revistă
- link către articolul raportat în format electronic (pdf), **existent pe CD/USB**

În raportare se consideră doar articolele originale și tip review. În cazuri speciale, privind alte tipuri de publicații, posibile, dar probabil cu o contribuție mică în evaluare, decizia va aparține comisiei de evaluare.
