

Approved by the Senate on March 26, 2019

ADDENDUM

to the Methodology for the Admission of the Romanians abroad to state-funded places with scholarship (free-of-charge tuition, with a monthly grant) and to state-funded places without scholarship (free-of-charge tuition, with no monthly grant) in the 2019-2020 academic year

and

to the Methodology for the Admission to self-funded places (foreign currency) in the study programs in Romanian, English or French language based on the evaluation of the candidates' academic and personal achievements, in the 2019-2020 academic year

For candidates coming from countries where they are not required to take the Baccalaureate, the grade point average (GPA) of the high school years, calculated on the basis of the grades recorded in the high school transcripts, will be taken into account instead of the average for the baccalaureate exam.

To this effect, these candidates will file a certified copy of the high school transcripts mentioned. In case the documents are not written in English or French, a legal translation of the high school transcripts is necessary.

Legal Office,

Vasilica Mirela Iacob, Legal adviser
